Your Trusted
Partner in Technology Staffing

At Clearpoint, we understand that finding the right talent is crucial to your business success. Whether you need short-term contractors, full-time hires, or specialized project-based consultants, we streamline the hiring process so you can focus on what matters most—growing your business.

What We Offer

Top-Tier Talent

We provide access to a highly skilled pool of technology professionals across various domains. Our candidates are experienced in a wide range of industries and are selected based on your specific requirements.

Software Development & Engineering

From front-end to back-end developers, full-stack engineers, and software architects, we have experts proficient in various programming languages and frameworks.

Cybersecurity & Compliance

Protect your business with professionals skilled in penetration testing, security audits, risk management, and compliance frameworks like NIST, ISO 27001, and GDPR.

IT Infrastructure & Support

Ensure smooth operations with certified network engineers, system administrators, and IT support specialists who can manage and maintain your IT infrastructure.

Creative Design

Access top designers skilled in UI/UX, graphic design, branding, and multimedia to enhance your product or service.

Cloud & DevOps

Whether you need AWS, Azure, or Google Cloud experts, our professionals specialize in cloud architecture, automation, and CI/CD pipelines.

Data Science & AI/ML

Harness the power of data with specialists in predictive analytics, machine learning, AI model development, and big data engineering.

Project Management & Business Analysis

Keep projects on track with experienced Agile/Scrum Masters, project managers, and business analysts who can bridge the gap between technology and business needs.
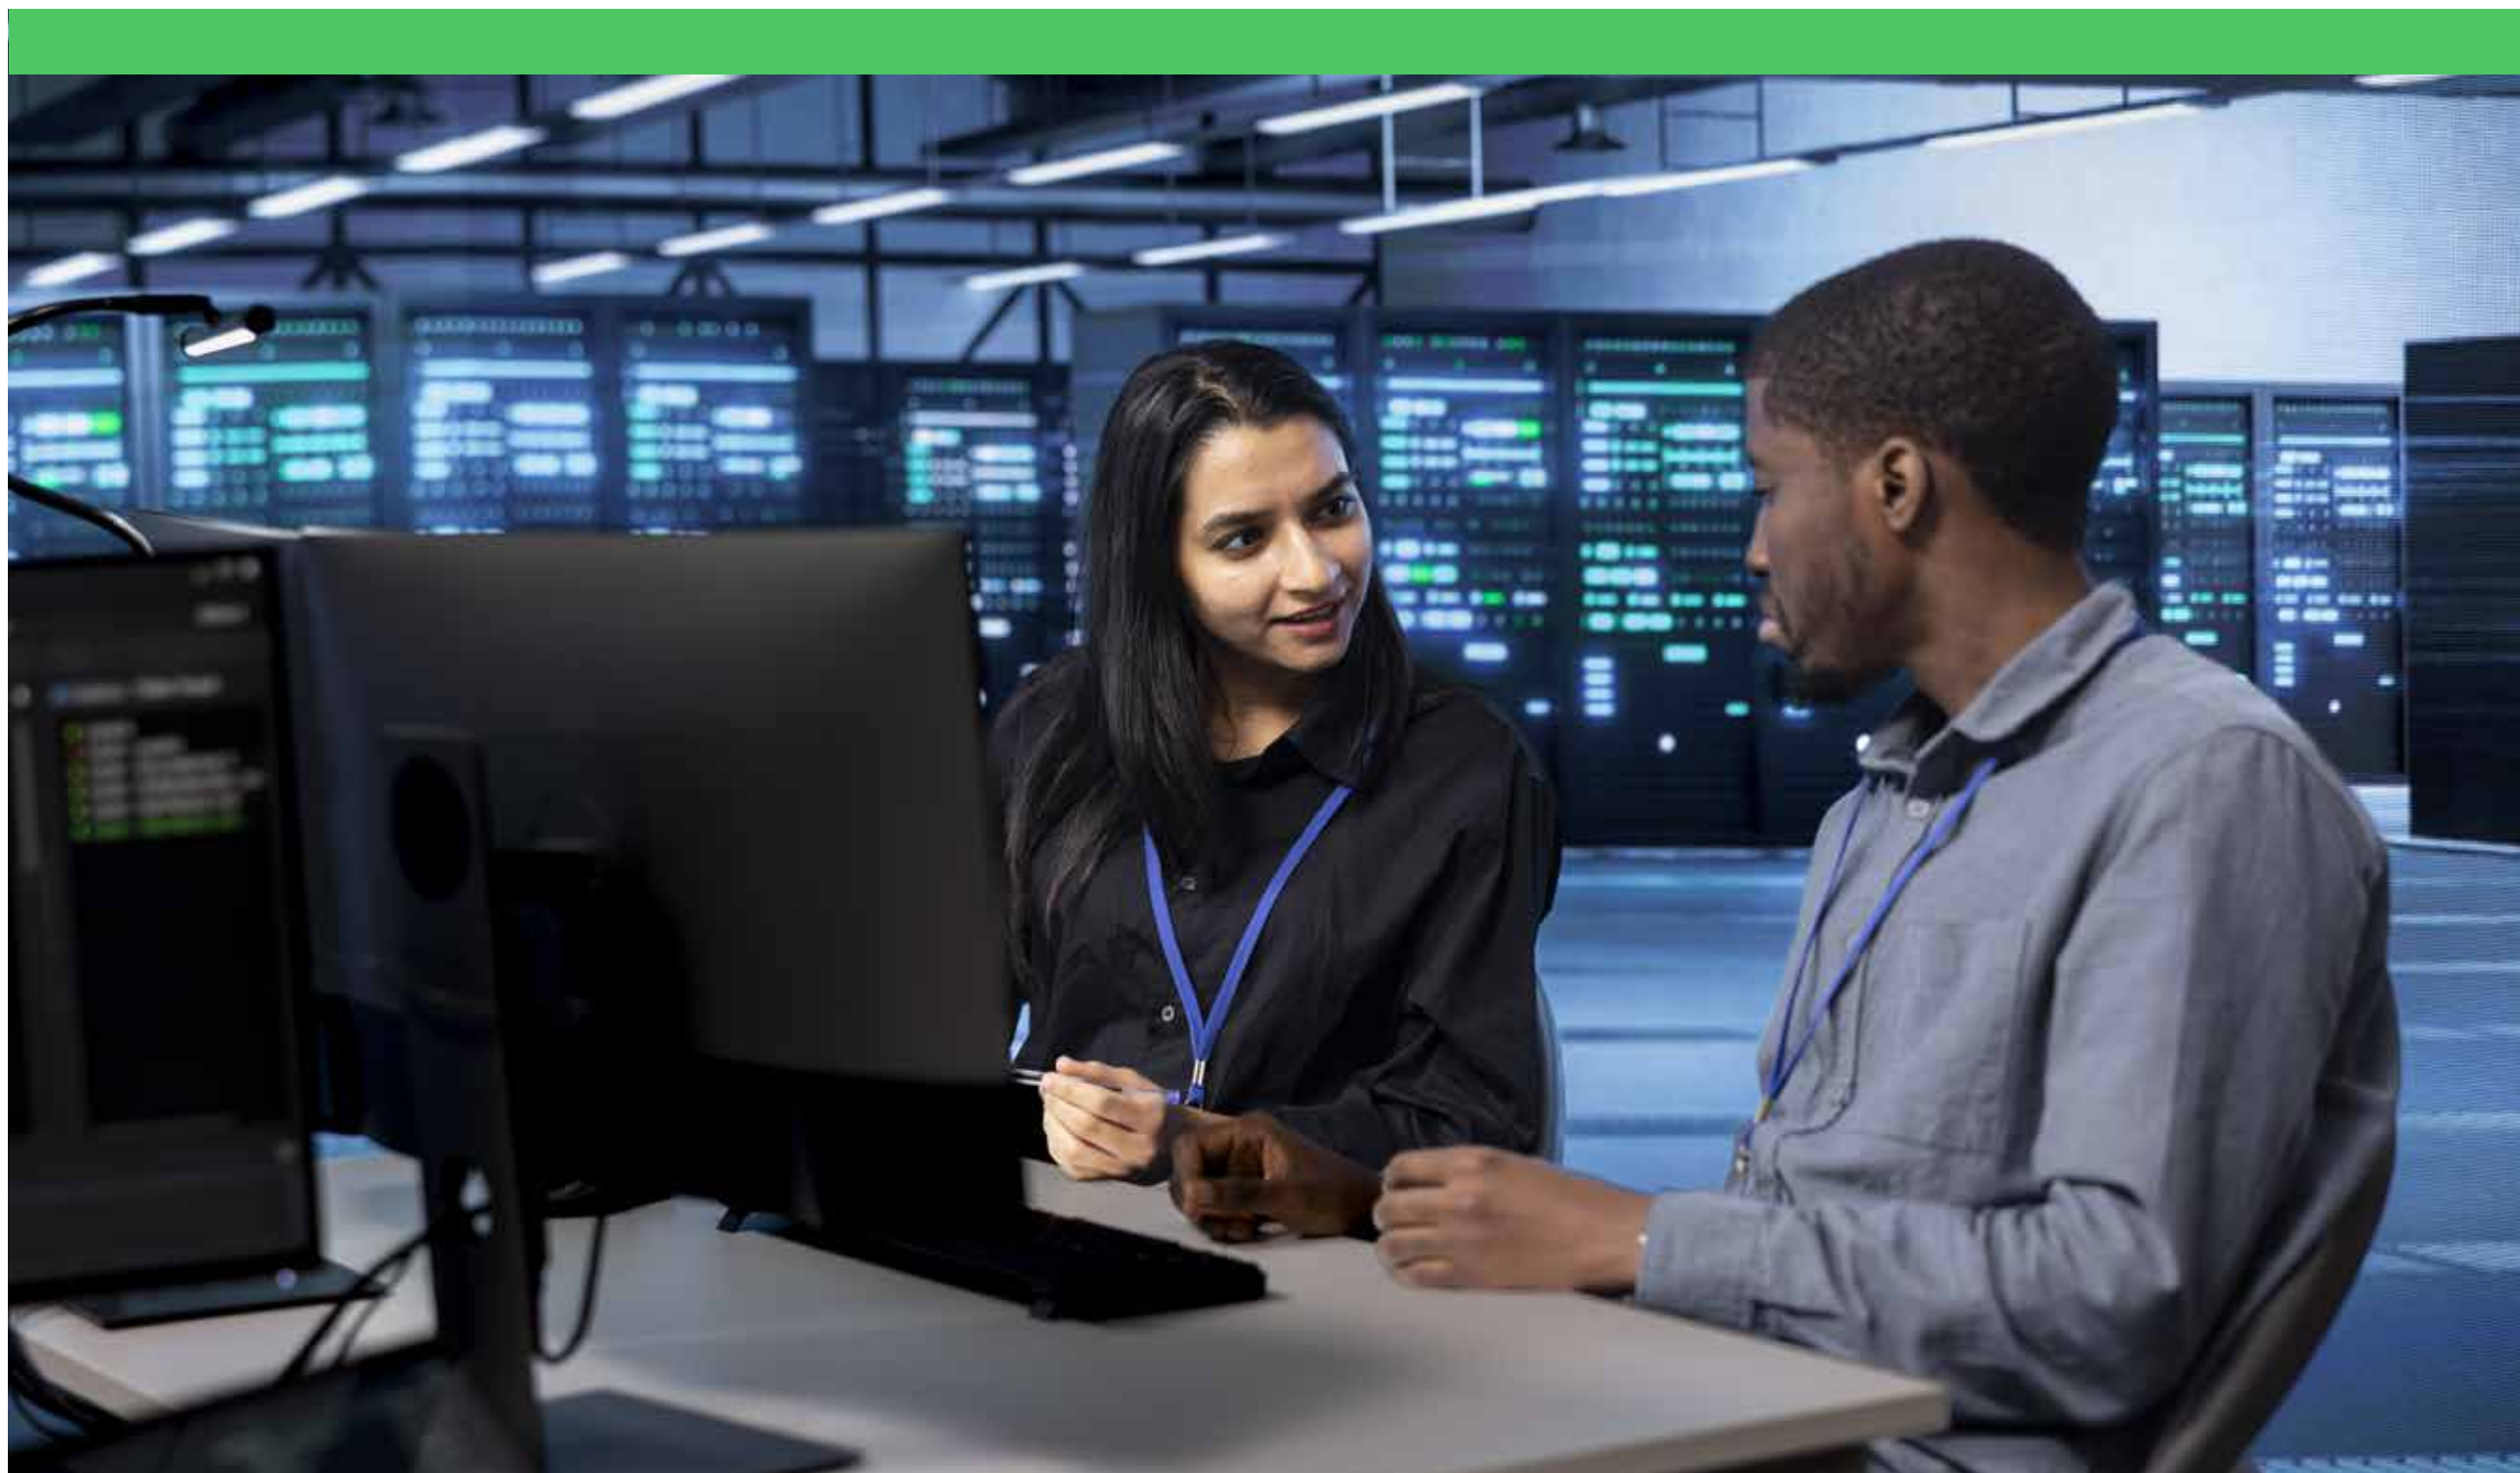

Database Administrators (DBA's)

Ensure optimal database performance, security, and maintenance with experienced DBA's specializing in SQL, NoSQL, and cloud-based database solutions.

Flexible Engagement Models

We tailor our staffing solutions to fit your needs, providing flexibility and efficiency to your hiring strategy:

Contract:

Need talent for short-term or long-term projects? Our contract staffing model allows you to scale resources up or down as per your project requirements without the burden of long-term commitments.

Contract-to-Hire

Unsure about a full-time hire? This model enables you to assess a candidate's fit within your team before making a permanent offer.

Direct Placement:

Looking for long-term additions to your team? Our direct placement service helps you find and onboard full-time professionals with the right expertise and cultural fit.

Rigorous Screening Process

We go beyond resumes to ensure you get only the best candidates. Our multi-step vetting process includes:

Technical Assessments

Candidates are tested on relevant technical skills through coding challenges, system design interviews, or role-based scenario assessments.

Behavioral Interviews

Our recruiters conduct in-depth interviews to gauge candidates' problem-solving abilities, communication skills, and cultural fit within your organization.

Background & Reference Checks

We verify employment history, professional references, and certifications to ensure credibility and reliability.

Speed & Efficiency

Time-to-hire is a critical factor in today's competitive job market. Our AI-driven recruitment process, extensive candidate database, and proactive sourcing strategies allow us to:

Quickly identify and present the best-fit candidates.	Reduce the time spent on searching, screening, and onboarding.	Ensure that your business operations are not delayed due to staffing shortages.

Dedicated Account Management

We believe in building long-term relationships with our clients by providing personalized service and strategic hiring support:

Single Point of Contact

You'll have a dedicated account manager who understands your business and hiring needs.

Tailored Solutions

We work closely with your team to develop customized staffing solutions based on your company's size, industry, and project goals.

Continuous Support

From onboarding to contract completion, we provide ongoing assistance to ensure a smooth experience for both employers and employees.
